## Part 2 - Code of Practice for Calls to Premium Rate Service, Unbundled Tariff and Personal Numbers

### Purpose of this Code of Practice

This code informs you, our domestic and small business customers, about our policies on providing information about Premium Rate Service (PRS) calls and on our charging policy for calls to PRS numbers.

### Unbundled Tariff Numbers

Unbundled Tariff Numbers are non geographic numbers starting with 084, 087, 090, 091, 098, or 118 which are used to provide a range of information and entertainment services and are charged to your telephone bill.

Charges for these services are made up of two parts, a Service Charge and an Access Charge and the total is added to your telephone bill. You will see the Service Charge advertised by the company providing the service alongside the number. Depending on the type of number called, the Service Charge can be up to £3.60 per minute, or £6 per call or per text (including VAT).

The Access Charge is retained by us, your phone company. Our Access Charge for calling Unbundled Tariff numbers is 50p per minute. Unbundled Tariff numbers in the 084, 087, 090, 091, 098, or 118 ranges are not included in your monthly call minutes allowance.

### Personal Numbers

Personal Numbers are numbers starting with 070. Calls to Personal Numbers are charged at the same rate as for mobile numbers. Calls to Personal Numbers are not included in your monthly call minutes allowance.

### Controlled Premium Rate Services

Controlled Premium rate services (CPRS) are Unbundled Tariff numbers which cost 7p per minute or more. UK-based CPRS numbers are normally prefixed by "09" or "118". Numbers starting 087 are also designated as Premium Rate numbers and subject to PRS regulation when they cost 7p per minute or more. Typical services include TV votelines, mobile ringtone downloads, technical helplines, charity fund-raising and adult entertainment. Calls to 118 services are capped at £3.65 for a 90 second call (including VAT) plus our Access Charge.

If you have a problem with Premium Rate Services, we can help. We can provide advice on checking the telephone number of any PRS charges that appear on your bill and will try to help you identify the premium rate service provider. We can use call barring to restrict access to “09” numbers. Please call our Team on 01432 266 364 for advice on this. We can give you a factsheet on PRS.

You can also ask for help from the Phone-paid Services Authority (PSA) which is the industry-funded regulatory body for Premium Rate Services. PSA operates a Code of Practice that sets out standards for the operation of PRS. You can use the PSA website at [www.psauthority.org.uk](http://www.psauthority.org.uk) to check PRS numbers direct and find contact details for the company in question or to submit a complaint. PSA has the legal powers to require a provider of PRS to amend its service or promotional material (or both) and can also order refunds and impose penalties on service providers for breaches of the PSA Code. For other ways to contact Phone-paid Services Authority, see the “Useful addresses” section below.

If you are unhappy with the help you have received from us on a problem with PRS, please contact Stephanie Small on 01432 266 364 or by email [admin@networkdataservices.co.uk](mailto:admin@networkdataservices.co.uk) who has responsibility for compliance with our code of practice for PRS. You may also complain using the complaints procedure set out in our complaints code including, ultimately, referring your complaint to Ombudsman Services or Federation of Communication Services (FCS)

### **The Telephone Preference Service**

If you don't want to get sales and marketing calls you have not requested, you can add your details to a list run by the Telephone Preference Service (TPS). If your number is on the list, it is illegal for a company to call you for marketing purposes. You can contact the Telephone Preference Service via [www.tpsonline.org.uk](http://www.tpsonline.org.uk) or by telephoning 0845 070 0707.
